

Assessments For Major Concerns Found Equitable

The Nevada County Board of Supervisors, meeting last Thursday and Friday to air complaints by the Nevada County Taxpayers' Association that both Fibreboard Paper Products and the Southern Pacific Company were far under-assessed in Nevada County, were unable to discover any appreciable difference in the county assessor's valuation of their property and contiguous areas in this district.

The association, through its spokesman, C. Roy Smith had appeared before the board and made a presentation claiming that both Fibreboard and S.P. were cutting the county out of thousands of dollars in taxes through under-assessments. The board called the hearing to hear arguments by both companies.

Smith, who came armed with evidence, left the meeting shortly after it started and failed to return. (Continued on Page 7)

Tahoe Voters Give Bonds 310 - 10 Win

TAHOE CITY — That the people of the Tahoe City Public Utility District are fully aware of the needs facing them if the purity of Lake Tahoe is to be maintained was exemplified Tuesday when they voted 310 to 10 to float a bond issue for \$1 million to provide a sewer disposal system.

The funds will be matched by the federal and state governments to give the TCPUD its share in a proposed massive disposal system.

The North Lake Tahoe Public Utility District will have a similar issue facing the voters during the later part of October and it is indicated that this community, too, will give the green light to the project.

In the meantime, work is progressing on the Truckee-Donner end of the system, with the installation of a 36-inch main line to handle the sewage from the North Tahoe communities as well as Donner Lake, Squaw Valley and other connecting units. The Truckee-Donner area passed a \$600,000 bond and has received assurance of further federal aid to complete the massive system.

Local Foresters At Downieville; Fire Is Believed Halted

The 32-man inmate crew from Hobart Mills, plus two patrolmen, the tanker with a foreman and two men and the local helicopter were still on the Downieville forest fire from the Truckee ranger station last night, but the fire apparently was under control.

Somewhat less than 1,000 acres of heavily wooded forest land were burned over in the fire which started from a burning cabin.

Locally, a one-acre fire just north of the Brockway golf course at Kings Beach was brought under control Sunday morning about 6 o'clock by the fire department members and forest service crews.

Continued warm weather with wind and a powder dry forest is causing extreme fire danger throughout the area, forest service officials report, and everyone is being cautioned to be careful with fires.

Tahoe Man Held After Bank Robbed

TAHOE CITY — Herman Henke, a 74 year old motel manager at Tahoe City, was being held in jail at Auburn charged with the armed robbery of the Newcastle branch of Bank of America.

According to officers, Henke entered the bank shortly after noon Monday, drew a gun and ordered Mrs. Tommie S. Serpa, a teller, to "give me all the money in the vault." When it was explained she had no key to the vault, Henke took about \$1,800 from the cash drawers.

Mrs. Serpa got a description of his car, notified the sheriff's office and within minutes, the suspect was in custody. He was chased at an estimated 95 miles an hour, ignoring the sirens and red lights but was finally overtaken near Magra, after Sergeant Bruce Johnson fired several shots at the car.

Comics Out Of Sun After 30 Years As Printing Is Stopped

This week we bid a reluctant farewell to Abbie and Slat, Tarzan and the other members of our comic section family.

After 30 years of association with the comic people, we are advised that they are no longer being printed. A letter from the Acme Colorprint Company reads in part as follows:

"With regret we must now advise you that it is not possible for us to continue to print the present comic section which you buy from us.

"The reason for cancellation is simple economics: reduced volume and increased costs.

"As we see it there is no choice other than to stop, and that is what we will most reluctantly do."

Teichert & Son, Inc., that the Teichert company has purchased the Clements gravel plant, located a mile and a half west of Truckee. The selling price was not disclosed, but is known to be in excess of a quarter of a million dollars.

Prior to the election, County Counsel Leo Todd explained the complications of moving from the board of trade into the status of a county chamber.

KINGVALE RESIDENTS OPPOSE ROAD NAME

NEVADA CITY — Cries of commercialism were raised at a request to change the name of Old U.S. 40 to Pla-Vada Way.

The request made by the developer of a subdivision named Pla Vada met heavy opposition from a group of property owners in the Kingvale area.

The Kingvale group claimed that to change the name of the highway to match that of a subdivision was commercialism, plain and simple.

The residents stated that Old U.S. 40 was a historic name and should remain the same. But, they added, if the name is changed it should be to Kingvale Road or some other, older, more established community.

Hospital Opens As Dedication To Be Held At Later Date

Following months of planning, study and construction, the new extension of the Tahoe Forest Hospital was opened today.

The new \$1,795,000 project was completed last week after an inspection by state hospital officials. The institution is modern throughout, with enlarged facilities in every department.

The final inspection by the state department of public health, bureau of hospitals, was conducted on Monday and the state has granted approval for occupancy in the new wing.

Upon completion of the total building program, the hospital bed capacity will increase from 21 beds to 44 beds. This capacity will represent 29 beds for general medical and surgical patients, seven beds for pediatric patients and eight beds for maternity patients. The nursery will have eight bassinets. The surgical suite accommodates two major surgical rooms equipped with the latest in modern surgical equipment. In this area also is a separate delivery room and labor room for two beds.

Immediately joining the surgical suite will be a three-bed recovery unit set up with modern equipment to assist patients recovering from surgery. Adjoining this unit is a three-bed intensive care facility for the care of the critically ill where registered nursing supervision and intensive nursing care can be administered. This facility will reduce cost of special duty nursing care.

The new wing is equipped throughout with a build-in floor vacuum system. Each patient room is equipped with individual thermostatic temperature control, direct piped in oxygen and the entire building when completed will be completely air conditioned.

Each patient room is equipped with electrical mechanical beds (Continued on Page 2)

Response Is Good For Incorporation

Sponsors of the current drive to bring the matter of incorporating the community of Truckee and Donner into a city are encouraged by the response to letters mailed out recently.

Fred Hodder, who heads the committee, said that more than 100 signers had been received during the past ten days, bringing the margin close to the required number of signers to call an election.

Those who have not yet responded to the letters are urged to sign and return them at once so that the issue can be brought to a head.

A second mailing, with each letter containing a petition, is being mailed this week and those who failed to answer the first are asked to return their signed petition and get it in the mail.

In the meantime, volunteers are working to obtain signatures from those property owners living in the area and it is indicated, Hodder said, that the matter can be concluded and the petitions presented to the board of supervisors early in September.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO — (CNS) — Once again, the fallacies of conducting a major political campaign by pinning labels on the candidates, have been emphasized. Apparently in the throes of desperation, Democratic State Chairman Robert L. Coate issues a lengthy 'expose', the gist of which was to label the Republican candidate as a 'radical, right-wing extremist.'

And like State Controller Alan Cranston's similar attempt recently, the Coate 'expose' fell flat on its face as far as being a great influence on the voters of the state of California.

The Coate paper makes about as much sense as would an attempt on the part of the Republicans to label Governor Edmund G. Brown as an all-out left wing extremist.

The Republicans could, if they so desired, brand the Democratic candidate for governor as a friend of left-wing organizations, and call attention to his hearty reception of the Congress of Racial Equality in the state Capitol back in 1963.

That was the time CORE conducted its sit-in in the rotunda of the state capitol. The members were allowed to camp in the public building by Governor Brown for weeks, while the legislature considered, and finally passed, the Rumford Housing Bill, repeal of which is recommended in this year's Republican platform.

But the mere fact that Governor Brown shook hands with the leaders of the CORE movement, and virtually invited the sit-inners to make a camp ground out of public building, doesn't make him an extremist for the left-wing organization in any sense of the word.

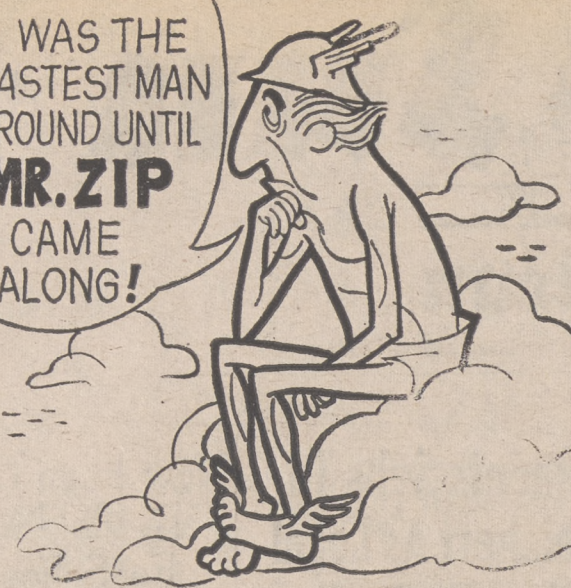

And the Republicans have shown a great deal of statesmanship by passing up the opportunity to retaliate to the sniping at their candidate in not bringing up Brown's penchant for playing to the left-wing CORE.

The two candidates for high office are candidates because a majority of their respective parties selected them as such.

And the majority is composed of neither all right-wing nor all left-wing citizens. It is a majority of citizens, probably of widely differing philosophies.

If there were parties for all phases of political philosophies, the result would be nothing less than a mad-house of parties. Consequently, the public has settled on two major political parties, the Democrats and the Republicans. And this

which are operated by the patient for his comfort and convenience.

The nursery is equipped to provide thermostatic temperature and humidity control. An additional and separate suspect nursery is included in the nursery department, the purpose of which is to provide isolation of infants who might be suspected of having a contagious disease or infants born outside the hospital can be isolated from infants born in the hospital.

The new kitchen and dining room is completely modern in every respect and is located on the ground floor.

Employees parking area is located at the north side of the building near an entrance located on the first floor where locker and rest rooms are located.

The boiler room, air conditioning units, central storage, stock control and purchasing office are also located on the first floor. The laundry room and central linen storage are located in this area also.

Reconstruction and refurbishing of the old part of the hospital has started. The plans for completion are estimated to be in about two months. The old part of the hospital, when complete, will provide additional rooms and facilities for emergency care; 15 beds for general medical-surgical patients, a new administrative office and an office for the medical records librarian. The central part of the old hospital will contain a second floor in which will be located, a conference room and space for the hospital medical library and the doctors lounge.

Plans for a dedication ceremony to be held at the hospital have not yet been formulated but will be announced when the date for completion of the new building program is known.

The landscaping and beautification program for the hospital, which has been sponsored by the Ladies Hospital Auxiliary is underway. The work day was held August 7th and was a great success with many donations of materials for sprinkling system, plants and shrubbery, rocks, cement, tools and equipment and labor by local citizens has given a successful start on the landscaping project.

is the basis on which the election will be decided November 8.

The two candidates are outstanding citizens of the state and represent the choice of their parties. They differ in political philosophies, certainly, and without that difference there would be no need for a contest.

Attempts to pin 'extremist' labels on either of the candidates are so far out of order, and so far out of focus as far as the primary issues of the campaign are concerned, that they appear ridiculous.

It is to be hoped that some day campaigns will be conducted on issues, rather than personalities and associations.

Chappie Raps Lake Meeting as Useless

SACRAMENTO — (CNS) — Assemblyman Eugene A. Chappie, R-Cool, has charged that the two-day federal-state conference on problems at Lake Tahoe was a "grand stand show" and local government virtually was precluded from speaking.

Chappie said he questioned the legality of the hearing as it was called to discuss pollution at Tahoe. But a report was distributed at the outset of the hearing, he said, which said in 17 places that the lake was not polluted.

"Apparently someone again was using this as a means of directing publicity to Lake Tahoe," Chappie said. "It's quite popular to assemble at Tahoe to discuss problems—discuss them and then go away. It makes it difficult to un-ring the bell."

The conference had been called by the federal government and was attended by Governors Edmund G. Brown of California and Grant Sawyer of Nevada. Hugo Fisher, California resources agency administrator, presided.

Chappie blamed Fisher for preventing local government from testifying except for the Placer county sanitarian.

"On one hand, local government was told to shape up or ship out, then they were not allowed to present their side," Chappie said.

Chappie noted that neither governor ever had cast a vote on legislation concerning pollution problems at the Lake. Chappie originally had authored legislation calling for state aid for transporting sewage out of the basin but the bill finally signed into law was authored by Senator Stephen P. Teale, D-West Point, who is running for election to the new senate district which includes the California side of the lake.

Teale made a presentation at the conference, but Chappie said he was not called upon.

Chappie, whose huge assembly district runs along the Sierra and includes the Tahoe basin, said he would favor a basin-wide agency to control pollution causes at the lake, provided local government was represented on such an agency. This proposal had been advanced by Governor Brown.

On another score, Chappie said he believed more discoloration of the lake resulted from drainage than from sewage. He said the division of highways piled up snow every winter that ran into the lake carrying debris. But Chappie said studies have indicated it would cost a minimum of \$15 million to control drainage.

SENTENCED

James Larry O'Day, 64, Redding, was found guilty to a charge of disorderly conduct in the Truckee Judicial District Court this week and given a 10-day suspended jail sentence. He was arrested near Soda Springs.

LAKE ECHOES

BY BETHEL

The good ole summer time continues in Reno and once again we escape to the cooler climes of Lake Tahoe for the weekend. Everyone swimming, water skiing and boating, sun bathing, visiting, eating and exchanging friendly greetings. We were most happy to visit with longtime friends and former resort guests, Chuck and Jane Cockayne and son Jeff of Stockton, and with Natalie Oas of KCWG radio station also Stockton.

Bob and Tally Daneri of Kings Beach returned from their San Francisco sojourn in time for the dedication of the new post office which is directly back of their North Tahoe Village.

The official dedication of the new Kings Beach post office brought Incline Villager, Fred Schultz, to his former hometown to act as master of ceremonies. Don Vance sang the national anthem accompanied by Ruth Mizner both of Kings Beach. Bob Molsberry is postmaster, Eugenia Frye, clerk in charge, and clerks are C. W. Smith, W. N. Pope, and L. L. Frye.

Open house followed the ceremonies and refreshments were served.

Jim and Ann Mulhagen and children have returned to their Incline Village home after a trip which included Portland, Seattle, and British Columbia on their itinerary.

Dick and Ruth Lavery report good fishing at Neah Bay, Washington. Victoria is their next scheduled stop and then on to Idaho for more fishing.

They received word from son, Ken and daughter in law, Virginia, of the birth of a grandson July 30 in Sacramento. So excited over their new grandson, they forgot to mention name, weight, and exact time and we hope the date is right!

August 26th has been set as the moving date from Incline Village to Orinda for Marion and Virginia Stekol, and daughter, Beverly. Mr. and Mrs. Ed Stover and chil-

dren of Dallas, Texas, were weekend guests of the Stekols.

Mr. and Mrs. E. L. King are vacationing at their Incline Beach home from Winona, Minnesota.

Frank Wagner of Kings Beach is recuperating from surgery at Washoe Medical Center in Reno. Wife Minnie reports his progress is satisfactory and hopes to have him home before long.

Howard Price, son of Harvey and Harriett Price of Kings Beach, has enrolled at Sierra College at Auburn and will leave shortly after the first of September for school.

Eda Judy and Ruth Mizner of Kings Beach visited Ruth's son, Tim and his wife, Penny, and son Peter, at Eureka last week.

Happy birthday to Eda Judy of Kings Beach who celebrates her 79 birthday on August 31. Eda has been a resident of Kings Beach for the past 19 years.

Ryland Goodspeed of Crystal Bay was a Fresno business visitor last week.

The Citizens for Good Government assisted by the Republican Women's Club of Crystal Bay and Incline Village report their barnstorming party at Ponderosa Ranch a huge success. Over 350 persons attended the party at which Paul Laxalt, candidate for governor of Nevada, was guest speaker. Paul Toland was the M.C. Square dancing, food and fun entertained those present.

James and Marlene McCourry of Incline Village enjoyed a trip to San Francisco, thence up the coast to Eureka. They plan another trip up to Portland in the near future.

Among Incline Villagers attending a barbecue at Burnt Cedar Beach Saturday night were Messrs. and Mesdames Harold Tiller, Art Wood, James McCourry, Greg Engelhard, Ross Carlock, Tom Coskey, Bill Lake, James Warrington, Dave Chamberlin, Frank Baker.

Richard Alario of San Jose is visiting his parents, George and Iris Alario, at Tahoe Vista.

Earl and Joyce Rowe and sons, Robbie and Rickie, are vacationing in Hawaii for several weeks with friends and relatives. Joyce and Earl are frequent visitors to her parents, George and Iris Alario at Tahoe Vista.

Joyce and Earl will celebrate their seventh wedding anniversary on August 22nd with a luau with his relatives in Hawaii.

Butch Hill is vacationing at the home of his mother, Virginia Hill, at Incline Village, from school at Santa Barbara. They are planning on spending several days at their ranch at Lovelock.

Mildred Douglas of Torrence visited sister and brother in law, Maxine and Bud Polzin at Incline Beach, and parents, Leslie and

Theresa Denton at Tahoe Vista this past week.

Oscar and Joyce LeKang of Kings Beach enjoyed a visit from longtime friend, Hazel Achelpohl of San Jose this past week.

Larry and Margaret Burke of Santa Barbara are enjoying the hospitality of Don and Dorothy Beck at Tahoe Vista for a week's vacation.

Dr. Charles and Myra Bartell and children, Gary, Michael and Michele of Long Beach have purchased a new home at Agate Bay. For the coming year they will enjoy it as a summer and winter resort. However, Dr. Bartell's future plans include a health spa at Incline Village and Myra Howard, Don and

lage which, after it is completed, they will maintain year around residence at their Agate Bay home.

Captain Dunham and Stella Seaton of Reno held a cocktail party and dinner at their home which Don and Dorothy Beck of Tahoe Vista, Herb and Phyllis Beck of Squaw Valley and Francis and Julie Von Ruden of Reno, former Kings Beach residents, attended.

Bob and Estelle Molsberry of Kings Beach held a cocktail party at their home after the dedication of the post office. Among those present were Raymond R. Germain, assistant to the regional director from San Francisco, Ruth Mizner, Her-

Sally Vance, Ollie and Hannah Corona, Vesta West, Marge Fellows, Fred Schultz and wife, Alysmae, Bob's brother and sister in law, Hank and Yetta Molsberry of Santa Rosa.

CRYSTAL
ICE
CREAM

If you and your family love thick, rich, creamy ice cream, remember... Crystal
still makes ice cream the good "old fashioned" way—with extra cream, extra
fine fruits, nuts and flavorings. No wonder it's extra delicious!
It's an extra good buy, too, because it costs no more than ordinary brands.

Many Great Acts At Nevada Lodge

CRYSTAL BAY—Beautiful show girls dominate the scene at North Lake Tahoe's Nevada Lodge every night, as the spectacular "Vive Les Girls" revue moves into its eleventh week on the Topaz Room stage.

But, "Vive Les Girls" is more than an "adult only" revue of hauntingly glamorous American, European and Asian show girls: the lavishly staged extravaganza also presents a potpourri of startlingly unique specialty acts — from fresh comedy to daring feats of acrobatics.

The great Carazini is one such act, which provides fast-paced excitement for the revue. Carazini is a smoker — and what a smoker! The things he does with cigarette smoke could set smoking back 200 years. He definitely doesn't smoke good, like a sane person should.

He can smoke an ordinary cigarette, and what seems like hours later, eject clouds of smoke from inside his amazing lungs. All evidence indicates that the entire inside of his body is completely hollow and that he must be a walking incinerator to eject the billows of smoke he does. The crowds love it, even if they don't believe it.

They believe the girls, however: an exciting ensemble of the loveliest beauties ever to dance on a stage in shimmering costumes.

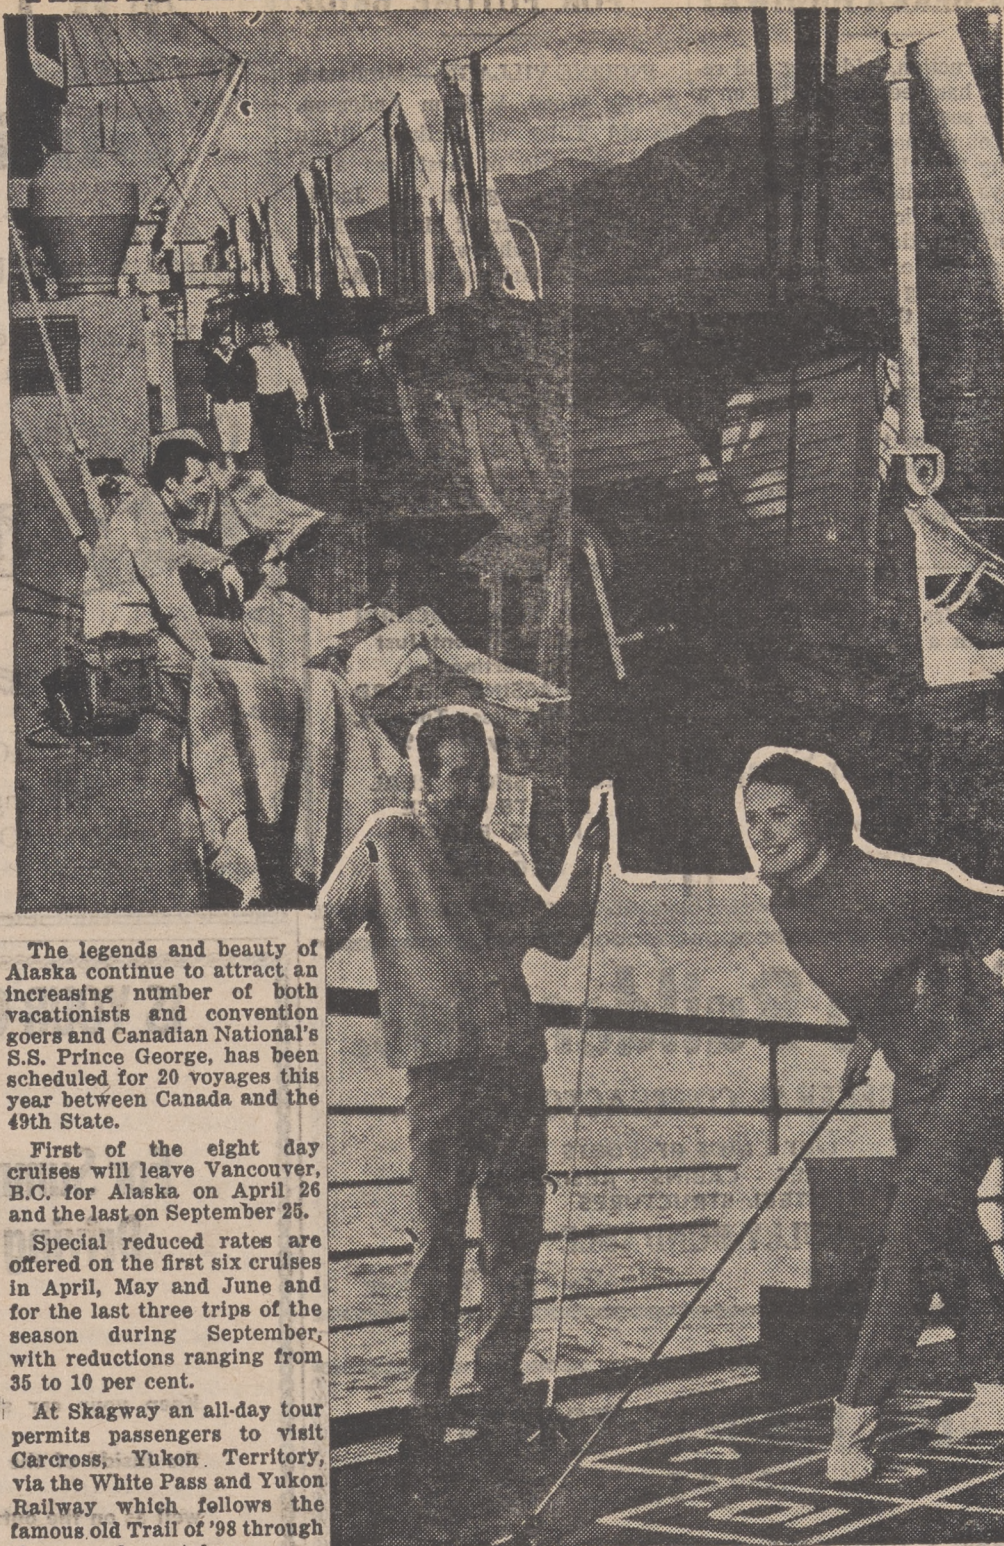

On the male side, RCA Victor recording artist Gary Marshall continues to solidify his reputation as a virile baritone promising to loom increasingly larger on the entertainment scene. His RCA releases have been aired over most major radio stations, and his acting talent has landed him the choice role of Lancelot in the upcoming screen version of Camelot. Gary will play the role which Robert Goulet created in the stage play. TV columnist Terrence O'Flaherty, in fact, once referred to Gary as the "new Robert Goulet" — a remark that may prove prophetic indeed.

Staged nightly at Nevada Lodge "Vive Les Girls" will continue through September. Also, the Nevada Lodge lounge provides continuous entertainment from dusk 'til dawn; currently appearing are the Esquires quartet and comedian Jackie Burns.

STUDY CONTINUES ON PLACER ROAD PLAN

AUBURN — The Placer County Board of Supervisors and Director of Public Works, John Maccoun, announced that Placer County's origin and destination highway planning study has entered into its second stage. On Monday, July 25, the consulting firm of George Nolte Engineers, Inc. submitted to the state division of highways the data which they and the county department of public works have been gathering for the last year. This data includes the postcard questionnaires sent out last fall, the information gathered at roadside interview stations, and the project-

ALASKA-BOUND THE EASY WAY

The legends and beauty of Alaska continue to attract an increasing number of both vacationists and convention goers and Canadian National's S.S. Prince George, has been scheduled for 20 voyages this year between Canada and the 49th State.

First of the eight day cruises will leave Vancouver, B.C. for Alaska on April 26 and the last on September 26.

Special reduced rates are offered on the first six cruises in April, May and June and for the last three trips of the season during September, with reductions ranging from 35 to 10 per cent.

At Skagway an all-day tour permits passengers to visit Carcross, Yukon Territory, via the White Pass and Yukon Railway which follows the famous old Trail of '98 through the rugged coastal ranges.

The 5,800-ton Prince George, largest and most luxurious vessel in cruise service between Canada and Alaska, has seven decks and eight

public rooms, including club-rooms, cocktail lounge and sitting room to provide spacious accommodation for up to 260 passengers. These views offer some ideas of the facilities for fun and relaxation aboard ship. F.N.S.

ed land use throughout the county. The state will now begin processing this data at their computer center in Sacramento. The output from the computer will be a determination of the vehicle trips from one sector of the county to another sector.

While this type of study has been carried on in many urban areas of the U.S., special techniques will be required to evaluate the impact of non-resident recreationists and tourists on a highway system. The High Sierras attract thousands of skiers each winter, and the many lakes, reservoirs, and streams attract fishermen, campers, and water sports enthusiasts by the thousands each summer. The potential

impact of the construction of Auburn Dam further complicates the study.

Maccoun also stated that the information gained in this study will

help the state to determine the location and construction scheduling for future freeways, such as the proposed Route 65 between Roseville at Highway 80 and Marysville.

DONNER DOINGS

By Mrs. Carson "Vi" White

This wonderful warm weather has been great for swimming, and waterskiing, but the shore fishing has slackened off a bit. The Rainbow are heading for deeper water and some beauties are being caught near China Cove.

These wild Clammers are going to liven up Truckee Saturday with a parade and a dedication at the old jail house. Watch out for those red shirted guys!

Those sailboats that were out over the weekend were skipped by members of the Lido 14 Fleet 8 of the Folsom Yacht Club plus some of the Donner Lake Sailing Club boats.

DISC Commodore Ed Corum and his wife Evelyn were hosts at cocktail and a barbecue dinner at their lakefront cabin Saturday evening.

Movies were shown of past sailing races on Donner Lake, boating rules and of the thrilling yacht race to Nassau.

The next big event for the club is the Lido Invitational races to be held September 10-11.

The Sierra Tinker Belles Garden Club met at Donner Lake last week and were elated to learn that over seventy dollars have been earmarked for garden furniture at Tahoe

Forest Hospital, all from proceeds of the recent Flower Show.

The next field trip is scheduled for August 23, leaving Smarts parking lot at 10:30 a.m. The group will travel to Kelley Lake, visiting Boreal Ridge enroute.

Newlyweds Barbara and Sam Medford have been making their summer home at Donner Lake while Sam is working for Clements Rock Products — oops, Teichert Rock Products. They intend to continue their studies at University of Utah in the fall.

Mrs. Reg Smart and her sister Mrs. Ella May of San Francisco spent two weeks on a Jamaican holiday recently. Arlene is proudly showing off her tan and tricky rhumba dance steps at Smarts Restaurant when off duty.

Howard and Joyce Lewis have been enjoying their 19 foot boat these days and have had a lot of fun learning to water ski behind it. The Lewis' have the grocery at Harry's Motel across from us on highway 40.

Their son who is in the Seebee's was home on leave recently and surprised everyone by skiing beautifully on one ski without any effort for the first time. A natural.

Georgianna King hosted the visiting golfer gals from Tahoe City plus the Ponderosa Golf Club women at lunch following a game on our local course last week.

Assessments

Continued from Page 1

while representatives of the companies agreed that they wanted to have assessments equitable with other property owners in the area. Assessor Charles Kitts said that in his opinion the assessments were relatively the same as other local property.

All Fibreboard holdings are in eastern Nevada County, while 21 to 24 of the 200 parcels of the Southern Pacific Land Company holdings are in western Nevada County, with the balance in the eastern area, not now under re-

appraisal. The 21-24 western parcels of the Southern Pacific's 200 will come under reassessment in reappraisal zones, by mutual consent, following Wednesday's hearing.

Charles Davenport, attorney, represented Fibreboard as spokesman and was accompanied by J. C. Ulery, tax manager, San Francisco and Paul E. Shively, timber operations manager for Fibreboard, residing in Truckee.

Using maps and assessor's books, Fibreboard parcels were checked against adjoining land area parcels with the assistance of the assessor's appraiser staff. The various tracts, Fibreboard and private, ran almost

uniform, like 104 acres \$18; 480 acres \$16; 120 acres \$20; 560 acres \$20; 280 acres \$20; 40 acres \$20 and four acres \$2.

Run to Pattern

All agreed that Fibreboard and other assessments followed an almost identical pattern. One rather large holding, to which reference had been made in the past, owned by Fibreboard, will be checked again at the request of County Counsel Todd.

With no questions from the audience, a similar situation as the previous day when only Harry Hyatt and Pat O'Brien asked information questions, Supervisor Bret Bernal moved that inasmuch as spot

checking showed assessments equitable to surrounding property, that the assessor's office assessments be accepted. Supervisor Lou Hartman seconded the motion. It carried 4-0.

The supervisors adjourned as a board of equalization to meet again at 1:30 on Oct. 11 to hear the western area assessments of Southern Pacific Land Company parcels.

ABANDONED FIRE

Peter E. Matteson, 22 years old, a Berkeley resident, was fined \$29 by Judge Robert Fugazi in the Tahoe City court on August 9 for abandoning a camp fire at Lake Tahoe.

A 25th Anniversary Salute

to the 500,000 star-spangled Americans who work for this country's security without pay

The U. S. Treasury Department sells about \$4½ billion worth of Savings Bonds every year.

Yet no one ever tries to sell you Bonds on the phone.

Though you rarely see them, there are about ½ million patriotic Americans who will help you buy Bonds. Have been, since the first Series E Savings Bond was issued 25 years ago.

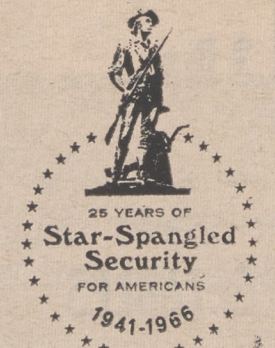

Your banker, for instance. He'll give you folders and facts, issue your Bonds, make certain they're properly registered, cash them when the time comes.

Your employer and thousands of other employers who have set up the Payroll Savings Plan are also on the team. So are the officials of your union who have endorsed Bonds.

There are many others. Like your neighbor, the advertising man, and the radio, TV, poster, magazine and newspaper people he works with.

All of these volunteers work for the Bond program without pay.

You can do your part, too. Buy U. S. Savings Bonds.

Now pay 4.15% when held to maturity

Leilani Braasch Is Wed In Rites At Oakland Church

The temple of the Church of Jesus Christ of Latter Day Saints at Oakland was the setting for the August 10 wedding of Sharon Leilani Braasch and Lee Alvin Bastinger.

The bride who was given in marriage by her father, Lester Braasch of Truckee, wore a gown of peau de soie accented with rose applique, made by her mother, featuring the natural waist and rounded neck line.

A pearl crown supported the shoulder length veil and white carnations with yellow rosebuds formed her bouquet.

She was attended by her sister Kathy attired in a yellow rose brocade and a veil in the same shade. Bridesmaids included Kathy Basinger, Karen Henry and Leslie and Sheila Sorensen, in ensembles in mint green and carrying yellow roses. Elizabeth Wallis, and Susan Mack presided at the refreshment table and Sheryn Abrahamian passed the guest book.

Carl Basinger, brother of the groom acted as best man.

CORRECTION

Edward Frates, district highway foreman for Nevada County, called attention to the fact that E. C. ACCIDENTS

(Continued from Page 1)

Vista, escaped serious injuries in a spectacular crash near Kings Beach Friday at 1 a.m.

Traveling south on the Brockway shortcut, the young man apparently dozed momentarily and his car left the road and crashed into a utility pole just north of Kings Beach. The pole was snapped off and the high tension power lines were all about the car and driver.

Sierra Pacific Power Company crews were called to cut the wires and save the driver from electrocution.

The pole was the same one struck by a car occupied by several high school girls more than a year ago resulting in death for three of them, the California Highway Patrol reported.

Six Are Injured

Six bay area boys were hospitalized Monday about 2 p.m. when the small car driven by Walter W. Moore, 16, San Francisco, got out of control on a curve on the Alpine Village road and left the highway.

The driver was cited for reckless driving, excessive speed, being on the wrong side of the road, not having his vehicle under control in a mountain area and for having passengers in unlawful positions.

Others besides the driver, injured and taken to Tahoe Forest Hospital were Kevin Taheny, 15, San Mateo; Nicholas J. Murr, 16, Hillsborough; Daniel D. Haegerty, San Mateo; Paul McLeod, 16, Burlingame and Rory O'Neill, 16, Burlingame.

Patrolman Tom Hunt made the investigation and the injured were taken to the hospital by the Tahoe City ambulance.

DEPARTMENT CALLED

The Truckee Volunteer Fire Department was called out Sunday afternoon when an incipient fire started at the Texaco service station across from Smart's. It was reported that attempts to weld a pipe inside a wall started the blaze which was quickly extinguished.
